# UVAV.S3406 - Visual-signal Appliances for Fire-protective Signaling Systems

## Visual-signal Appliances for Fire-protective Signaling Systems

See General Information for Visual-signal Appliances for Fire-protective Signaling Systems

**GENTEX CORP**                                                              S3406
10985 CHICAGO DR
ZEELAND, MI 49464-8101 USA
**Fire Alarm Equipment**

**Horn**, USL-1 -Horn Model GEH12.

**Horn**, USL-1, CNL-1 - Model GEH24.

**Strobe**, USL-2, CNL-2 - Models WGES24-75, WGESA24-75, WGESB24-75, WGESG24-75, and WGESR24-75.

**Strobe**, SL-3, CNL-2 - Models, GES3-24, GES24-15, GES24-30, GES24-60, GES24-75, GES24-110, and GES24-177.

**Strobe**, USL-2, USL-3, CNL-2 - Model GES24-15/75.

**Strobe**, USL-4, CNL-2 -S Models GESA24, GESB24, GESG24, and GESR24.

**Horn/Strobe**, USL-1, USL-4, CNL-1, CNL-2 - Models GECA24, GECB24, GECG24, and GECR24.

**Horn/Strobe**, ULS-1, USL-2, USL-3, CNL-1, CNL-2 - Model GEC24-15/75.

**Horn/Strobe synchronizable type**, USL-1, USL-2, CNL-1, CNL-2 - Model GCC24, may be followed by P (plain) , A (alert) or F (French), followed by C (ceiling), followed by R or W (the housing color of red or white).

**Horn/Strobe synchronizable**, USL-1, USL-3, CNL-1, CNL-2 - Models GCCA24, GCCB24, GCCG24 and GCCR24. All models may be followed by P (plain) or F (French), followed by C (ceiling), followed by R, W or B (the housing color of Red, White or Blue).

**Speaker/strobes**, * Model SSPK24WLP, may be followed by A (alert), P (plain) or F (French) then followed by R (red), or W (white). Selectable-candela type with ratings of 15 cd, 30 cd, 60 cd, 75 cd or 110 cd, intended for indoor use and wall mounting.

* Model SSPK24CLP, may be followed by A (alert), P (plain) or F (French) then followed by R (red) or W (white). Selectable-candela type with ratings of 15 cd, 30 cd, 75 cd, 95 cd, or 115 cd, intended for indoor use and ceiling mounting.

* Model SSPK24-15/75WLP. May be followed by A (alert), P (plain) or F (French) then followed by R (red) or W (white). Intended for indoor use and wall mounting.

* Model WSSPK24-15/75, may be followed by A (alert), P (plain) or F (French) then followed by W (wall), then followed by R (red) or W (white) and are intended for outdoor use with Model GBLP back box and are intended for wall mounting.

* Models SSPKA24-15/75 (amber lens), SSPKB24-15/75 (blue lens), SSPKG24-15/75 (green lens) and SSPKR24-15/75 (red lens), may be followed by A (alert), P (plain) or F (French) then followed by W (wall), then followed by R (red) or W (white). Intended for indoor use and wall mounting.

* Models WSSPKA24-15/75 (amber lens), WSSPKB24-15/75 (blue lens), WSSPKG24-15/75 (green lens) and WSSPKR24-15/75 (red lens), may be followed by A (alert), P (plain) or F (French) then followed by W (wall), then followed by R (red), or W (white). Intended for outdoor use on a wall with the Model GBLP back box.

* Model SSPKR24 (red lens) is a selectable-candela type with ratings of 15 cd, 30 cd, 75 cd, 95 cd or 115 cd which may be followed by A (alert), P (plain), then followed by C (ceiling), then followed by R (red) or W (white) and is intended for indoor use and ceiling mounting.

**Strobe light synchronizable type**, USL-2, CNL-2 - Model GCS24, may be followed by suffix P (plain), A (alert) or F (French), followed by C, followed by W or R (the housing color of white or red).

**Strobe lights, synchronizable type**, USL-3, CNL-1 - Models GCSA24, GCSB24, GCSG24 and GCSR24, may be followed by P (plain)or F (French), followed by C (ceiling), followed by R, W or B (the housing color of red, white or blue).

**Sync modules**, USL-2, CNL-2 - Models AVS44 and AVSM, may be followed by Suffix W or R (white or red color). Intended for indoor use with Gentex synchronizable strobe lights.

**Sync modules**, USL-1, 2, CNL-1, 2 - Model GTSM, may be followed by Suffix W or R (white or red color). Intended for indoor use with Gentex synchronizable visual and audible devices.

**Signaling appliance accessory**, USL-1, USL-2 / CNL-1, CNL-2 -, Models GOE and GOELP enclosure, may be followed by -A (Alert), -P (Plain) or F (French), followed by -R or -W indicating the color of the backbox (Red or White).

**Signaling appliance accessory**, USL-1, USL-2, USL-3 / CNL-1, CNL-2 -, Models GSB and GCSB backbox, may be followed by -R or -W indicating the color of the backbox (Red or White).
